Achieve a natural-looking radiant glow with this lightweight cream highlighter, designed to enhance your features with a soft subtle sheen. Texiterra cold pressed oils of ***Kalahari Melon Seed*** and ***Marula*** help hydrate and nourish whilst melting into the skin. The inclusion of ***Texique Lux5***, a natural emollient, ensures smooth application and optimal spreadability, while ***Texique HE50*** acts as the main emulsifier and thickener.

Use alone on top of make-up for an all-over subtle glow or apply lightly to cheekbones, eyelids, bridge of nose, brow bone and bow of lips for an added natural glow.

Method

1. Add phase A materials to deionised water individually, mixing between additions until completely dissolved.
2. In a separate vessel combine phase B and then sprinkle in phase C using a sieve. Mix until smooth uniform.
3. Sprinkle phase D into step 2 pre-mix and mix until dispersed.
4. Add step 3 pre-mix into phase A and homogenise until smooth and uniform.
5. Add phase E to main batch and mix until smooth and uniform.
6. Pre-mix phase F until uniform. Add into main batch and mix until combined and uniform.
